FROM EUREKA TO BROADWAY

The 1960 Eurekana has taken as its theme, the wonderful world of Broadway. We shall endeavor to compare the many aspect of high school life to the phases of Broadway, by means of a tour which begins with a play about to close on Broadway.

As we continue through the book, we shall meet the many players, backers, directors and producers of shows ranging from premieres to long-runs on Broadway.

We hope you enjoy this tour of Broadway and the memories preserved for you in this book.

Miss Hartmann, I've enjoyed Glee Club this year. I hope you have a very successful year next year. Thanks for everything. Sincerely, Jacqueline Ann Phillips

P.S. Why doesn't Mr. Hartmann come to Glee Club?

Behind the scenes of Broadway are the producers who, after careful planning, bring their plays before the public. Our Administration and Board of Education are similar to these producers for they play an important part in preparing Eureka High School students for the outside world.

SENIOR CLASS OF 1960

The class of 1960 is composed of 133 individuals, but taken as a group they show certain distinguishing characteristics. Some like to study; some play sports, and some combine both of these with their own choices of outside activities. One thing they all like to do is have fun. Whether attending basketball games, dancing the hours away at parties, working on scenery for musical and dramatic productions, or talking to friends in the halls, this year's seniors have had a wonderful time! They leave this heritage to those who follow in the hopes that they, too, will enjoy every minute of their years at EHS.

Bugle editor Jim Lamb and his assistant, Judy Hellwig, plan the next paper.

Publications Class

Each year a small group of students is selected to assume the responsibility of preparing the school's newspaper, the Bugle, and the Eurekana, our year-book. Money for these publications is raised by the class through subscriptions, advertising, and the sale of refreshments at home basketball games.

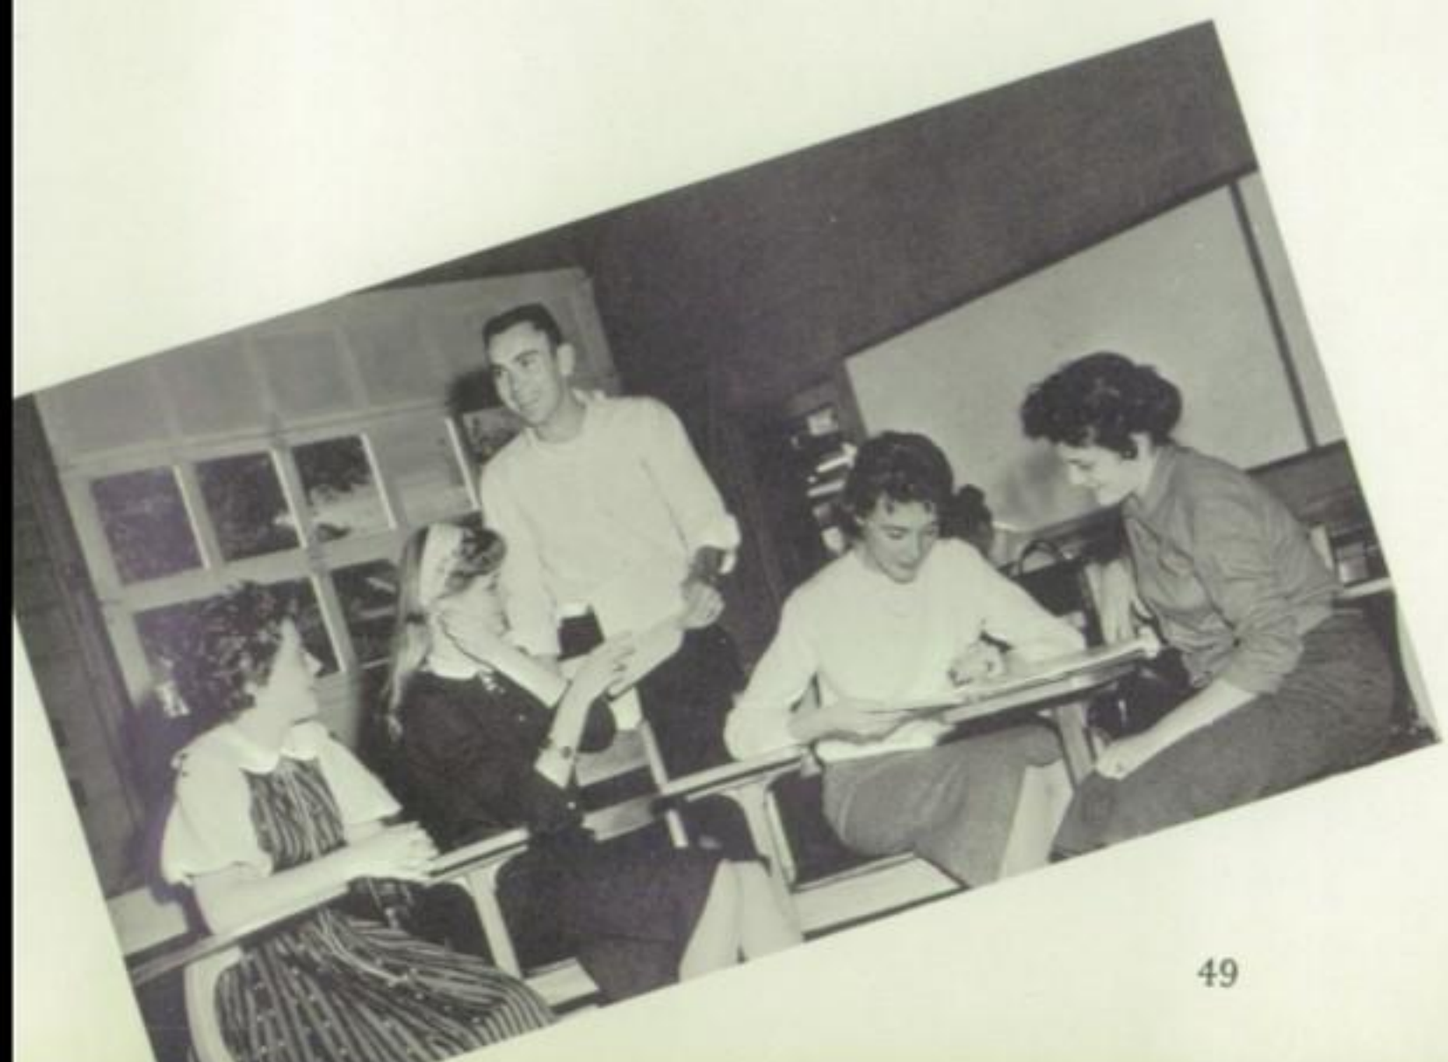
This year's "pub" class has enjoyed working with Miss Williams to bring the Bugle and this annual to you. We hope you have enjoyed having them.

Investigating their working material, we find Martha Bergmann, assistant editor, and Martha Wallsmith, Editor of the 1960 Eurekana.

Karen Kieffer, Betty McVicar, and Linda Waller prepare their columns for the local newspapers.

Annual pictures keep Dottie Isgrig, Larry Degenhart, Shirley Lewis, and Don Brasher busy.

Lee Steward and Business Manager, Judy Wideman work on Annual ads.



Marla Albers, Penny Campbell, Vic Hellmig, Gail Irvine, and Kathy Cooper discuss the latest "gossip" for the Bugle.

Library Staff

At the beginning of each school year, the Eureka High School librarian, Mrs. Grace Stenerson, chooses two or three people from each study hall period to help in the school library. These student librarians gain a wide knowledge of the functions of the library and its book-filing system.

Their duties vary from checking books in and out to keeping the library clean. They are courteous people and are always ready to help supply students with information.

For a short period of time this year, Mrs. Stenerson was absent due to illness. During her absence, the student librarians carried on and did an excellent job of keeping order in the library.

National Honor Society

Character, scholarship, leadership, and service are the four requisites for becoming a member of the National Honor Society. These virtues are represented by their initials and a flamming torch on the NHS emblem, which is shaped as a keystone. For as the keystone is the essential stone of an arch, so are the high ideals of the National Honor Society the core of a well-rounded personality.

With the willing help of its sponsor, Miss Pierce, and its officers, the National Honor Society has had a very successful year, which has included two installations and an annual reunion banquet.

The Future Teachers of America is an organization for those interested in the field of education. Its symbol is the flaming torch, which stands for the light of knowledge. Its purpose is to answer questions members may have concerning their prospective fields and college life.

To accomplish this aim, speakers are invited to monthly meetings where they tell about their teaching or administrative experiences. This aim is further aided by Mrs. Stenerson and Mrs. Ritter who have given much time and effort to keep interest alive and the clubs affairs running smoothly. In doing this they have been aided by club officers, who are as follows: Gail Irvine, president; Barbara George, vice-president; Judy Wideman, secretary; and Judy Hellwig, treasurer.

EHS's chapter of Future Teachers is growing both activity-and-membership-wise. Like Susan Blow after whom the club is named, it is looking forward to doing its part in bringing knowledge to our youth.

New to EHS is the Science Club, formed to promote interest in the Greater St. Louis Science Fair and to increase the students' knowledge of science. To help achieve these purposes, the group has become affiliated with the Science Clubs of America. Many of the members have joined the Science Academy, through which they meet people in industry who can help them with their projects. The club enjoyed a most profitable year under the leadership of its sponsor, Mrs. Eisenhauer and its officers. It is a welcome addition to our school.

During the course of the year, the members decided on an official name for the group, Epsilon Sigma Kappa. **ΕΣΚ** through its weekly meetings has encouraged its members and brought them closer to their goals.

Girls' Athletic Association

Officers: Shirley Lewis, **President;** Karen Zuzelski, **Vice-president;** Julia Lamb, **Secretary-treasurer.**

The Girls' Athletic Association, for the first time, sponsored two basketball teams and a volleyball team, and presented a dance.

The advancement of the organization was greatly due to Shirley Lewis, president; Karen Zuzelski, vice-president; and Julia Lamb, secretary-treasurer. The credit is also due to Mrs. Kenning, the girls' education director and sponsor of the organization.

The GAA strives for good sportsmanship and cooperation among the girls who work toward the goal of winning the coveted emblems and letters.

The Kittens had a very discouraging season, losing 13 out of 17 games, but they were always in there fighting.

Although the record isn't too good, Coach Parker will have fine "A" team material in John Glaser, Bob Bartmann, Ronnie Peterson, John Benton, and Roy Barnhouse who showed through their play this year that they have the ability and hustle necessary to make them valuable additions to the "A" varsity next year.

"A" TEAM

The Wildcats had a fairly successful season, winning 11 games while losing 10. The team played in streaks. At one time they had five victories in succession while at another time losing four in a row.

The Wildcats set a school scoring record with 63.5 points a game. The boys always played fine ball.

Coach Parker will look toward his bench for next year because he lost four starting seniors, including the Wildcat's leading scorer, Andy Hubbard who averaged 18.1 points a game.

An organization which contributed greatly to our school spirit is the Pep Squad. Its purpose is to promote sportsmanship and interest in our basketball teams. We feel the purpose was successfully carried out under the leadership of Marla Albers, president; Wayne Rambaud, vice-president; Bill McLeod, secretary-treasurer; and the 150 enthusiastic members.

The Pep Squad wore gold and purple beanies with a white and black outfit to each game. Relying on the competent direction of Mrs. Kenning and Mr. Day, the Pep Squad greatly helped the morale of EHS.

Organizational meeting of the Pep Squad being held in the study hall.

Enthusiasm for the new organization is reflected by the many students seen attending an important meeting.

Although the following groups may never hit the "big time," they have spent many a pleasant hour in singing together and performing before the student body.

The Senior Girls' Sextette was formed in 1957. At that time the six sophomore girls in the high school choir joined forces and for the remainder of their high school days sang many happy notes together.

The Boys' Double Quartet is comprised of Sophomores, Juniors, and Seniors. The boys gave a fine performance each time they participated in a school program.

The Freshman group is new. We feel sure they will stay together and sing again next year.

The twirlers are also new. They create harmony with the rhythmic twirling of their batons.

The Junior Promenade

The formal ballroom of a royal castle served as the appropriate background for Cinderella's Ball, the tribute of the junior class to the seniors. The elegance of gold and white, highlighted by the occasional use of pink, provided a regal setting for the coronation of lovely Marla Albers, the Queen of the Promenade. The royal guards and trumpet fanfare preceding her entrance seemed particularly appropriate this year. Mrs. Gudermuth and her prom committee provided a delightful social occasion for the juniors and their honored guests, the graduating class, a truly memorable occasion in this year of many treasured memories.

wishes to urge all the students and friends of the school to patronize the loyal merchants who advertise yearly in the Eurekana. Miss Hartmann,

I have really enjoyed your class. I'm very glad you had alot of patence with Judy Lanes and I. I'm looking farward to glee club and choir next year with you. I hope next year I won't be so giggley, I'll try not to be. I really enjoyed making the music charts and I learned a lot about music that I'd never known before. I hope you have the glee club make the chart again. I'm very glad that I had you for a teacher. Every since the time the band come to Crestview I've always admired you. Your my favorite teacher and I sincerely wish you happiness and lots of luck with your future students. God bless you, and I know he will.
